

Sponsor Agreement Form

- Please have your Sponsor complete the following form and send it in with your Application for Admission.

As a licensed embalmer and funeral director in the Province of _____,
I, _____ hereby agree to provide instruction, training and
practical experience in embalming and/or funeral directing that meets the
requirements established by the Canadian College of Funeral Service for

(Student's full name)

I will instruct the aforementioned articulated student in practices, customs and
protocols that are practiced in our local area.

Understanding that funeral directing/embalming requires individuals of exemplary
character; I also vouch for his/her character, integrity and qualifications to
become a funeral director/embalmer.

I will cooperate with the College in the educational program and I agree to
complete the necessary evaluation forms required for the practicum components
of the program.

I have read the attached document describing the course of studies and fully
understand the extent of the program in which the aforementioned student is
enrolling and will ensure that he/she has sufficient time and resources to
complete and attend all lessons, seminars, practicum and examinations. (For
further information on the program of studies or practicum requirements contact
the Canadian College of Funeral Service at 1-888-797-9941 or info@ccfs.ca)

Practical Experience/Sponsor Requirements

(This document is for the Sponsor's records)

The student must be sponsored for a twelve-month period by a firm providing embalming and funeral services to the public and be articulated to a licensed embalmer and funeral director in the Province. Students must successfully complete required assignments, on-line lessons, embalming case reports, term examinations, final examinations and a practicum embalming examination. The minimum passing grade is 70%.

The courses for each of the licensure programs are divided into two areas of study: Embalming Technology Studies and Funeral Service Studies. There are two practicum courses in both Level I and Level II of the program that are completed in the worksite: Embalming Practicum and Funeral Service Practicum.

The requirements for the Embalming Practicum are:

- 1) the documentation of fifty (50) embalming operations completed by the student during the course of the program;
- 2) the submission of twelve (12) embalming case reports during the course of the program;
- 3) a final evaluation report completed by the sponsoring licensed practitioner at the conclusion of each practicum at both levels of the program; and
- 4) a practicum embalming exam under the direct supervision of a College accredited evaluator.

The requirements for the Funeral Service Practicum are:

- 1) the documentation of eighteen hundred (1800) hours of funeral service-related work experience in a licensed funeral service facility. It is expected that apprentices are receiving work experience in the arrangement office (minimum 50 arrangements).
- 2) a final evaluation report completed by the sponsoring licensed practitioner at the conclusion of each practicum at both levels of the program.

A Student Log Book is provided for each student at the outset of the program and is required to be maintained and submitted for periodic inspection by the instructors of the College. The Log Book contains the documents for recording embalming operations and funeral-related work experience. It also requires that a statutory declaration attesting to the accuracy of the reports contained therein are signed by the sponsoring licensed practitioner on a quarterly basis.
